BOILER IS GIVEN CAMP GOOD WILL

W. C. T. U. Donates Hot Water Apparatus for Women of Colony.

The Woman's Christian Temperance Union of Washington has given to Camp Good Will a hot water boiler, piping and attachments necessary to supply warm water to the campers. The summer outings committee states that there has long been need for a hot water system in the kitchen, which will help the women campers in washing their babies and in keeping clean the clothes of the little children.

A new range has just been installed by the committee, as the broken old small stove formerly used has proven inadequate to supply the food for the 130 people. The hot water system donated by the Woman's Christian Temperance Union was set up at the time when the new range was installed by S. S. Shedd & Bro., who gave a generous donation themselves toward the expense of the job.

GOMPERS IS PLEASED WITH BOISE VERDICT

Samuel Gompers, president of the American Federation of Labor, when informed of the verdict of acquittal brought in by the jury in the Haywood case, said it met his approval, as he could not see how a jury could convict Haywood of the evidence, as the witness by his own confession was a murderer, bigamist, burglar, incendiary, thief, liar, and fraud.

G. Lansburgh has returned from a trip to Atlantic City, where he joined Mr. and Mrs. Rutherford Lyon.

SENATOR DOLLIVER IN CIRCUS CONCERT

FRINGHAR, Iowa, July 28.—United States Senator J. P. Dolliver of Iowa, who is being touted as the man to take charge of President Roosevelt's program in the Senate, was the sole performer recently at one of the concerts which always follow circus performances.

The Senator was booked to deliver an address here on educational topics, his specific aim being to help Morningside College, Sioux City, of which his sister, Miss Gay Dolliver, is dean of the women's department. It was also circus day here, and the two attractions conflicted. It was compromised by Dode Fisk, of the trained animal show, giving up his concert after the show and inviting Senator Dolliver to the platform and letting him address the circus crowd.

The speaker used the trained animals as examples of education, but made his appeal especially to the young men and women who must do things in the world and not, like the animals, be mere curiosities.

WOMAN LEFT \$45,000 ON CHAIR IN STORE

NEW YORK, July 28.—It isn't every day that a shopper leaves \$45,000 in bills on a chair, but that is what a woman did in an uptown department store. She was shopping and visiting number of other departments, not making the pocketbook until she started pay for some notions.

She then became hysterical, and declared she had left the money on a counter. The salesman in charge searched, although protesting his innocence, and the store detectives then her to the various departments in which she had been.

The rug clerk was given the \$45,000, but finally the chair was a bag was on the arm just as she left it.

True Temperance

There is a growing sentiment that temperance is surest and best promoted by the use of Pabst Blue Ribbon, which contains less than 3 1/4% of alcohol. The use of Pabst Blue Ribbon Beer satisfies the natural desire for a mild stimulant without creating a habit for strong drink. In countries where the most beer is consumed, intemperance is rarest.

Pabst Blue Ribbon

The Beer of Quality

is so rich in the food values of Pabst Eight-Day Malt, and in the tonic properties of the choicest hops, that it is a genuine health-builder.

The system frequently requires a mild stimulant, which is supplied by the small percentage of alcohol which produces no injurious effects. The extractives of malt and hops aid the digestion and soothe the nerves, making Pabst Blue Ribbon Beer the ideal temperance drink.

When ordering beer, ask for Pabst Blue Ribbon.
